Why our Quality is Best

Native editors
from UK, USA, Australia, Canada 

Professional editors
strictly no students 

PhD, Master's only
2,000+ editors 

19.4+ years
of average editing experience 

"Two Editor" System (100% Adherence)

- Under our "**Two-Editor**" System, manuscripts are reviewed by two expert editors to ensure language consistency and accuracy.
- After a thorough edit by a **subject-area specialist**, a second editor polishes and refines the manuscript to remove any existing ambiguities.

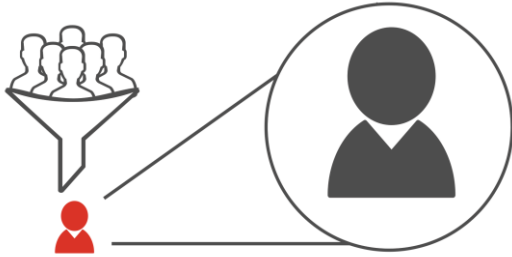

Edit Unlimited

Under our "**Unlimited Editing**" service, authors can submit their manuscripts for editing for unlimited number of times until they are satisfied with the output. **365 days** under Substantive Editing, **120 days** under Copyediting service

Rejection Shield

Our "**Rejection Shield**" service helps authors overpower journal rejection and ensures their manuscript is ready for re-submission. Includes editing the response to reviewer, cover letter editing and editing of any additional content added by the author.

Specialized Subject Area Matching

- Manuscripts are matched to **highly specialized subject experts** from our skilled team of editors.
- This enables us to optimize both the language and the subject matter of the manuscript while retaining the essence of the research.

The Enago Promise

- **"The Enago Promise"** guarantees that any manuscript edited by Enago will never be rejected on the basis of poor language.
- On the rare occasion that rejection occurs due to language issues, we will take full responsibility of re-editing the paper for resubmission at **no additional cost**.

99.4%

Quality Satisfaction Rate

99.4% of our clients are very happy with our service. This is based on the client complains we receive on the quality of our service. (This means only 1 out of 200 edited papers are returned for revisions because of language issues)
